PRICING

Note that many services offer cheaper prices when tickets are booked in advance.

Under price we have estimated the cost based on the current ones on the websites. The prices of Onnibus fluctuate so much they are practically impossible to list here. If you buy your ticket in advance you can see the current fare on the websites.

It should be noted that if you buy your ticket on the train the fare is slightly more expensive. Bring cash since cards might not be accepted everywhere! Local buses won't probably accept anything bigger than a 20 € bill. Onnibus accepts cards only.

FLYING TO PORI

AIR100 provides flights to Pori from Helsinki, but not often. On weekends there are no options. On Monday you have the option to take flight AEG 106 17:30–18:15. There are no suitable flights for Friday if you want to attend the meeting. The only flight leaves at 07:30 and arrives in Helsinki at 08:15.

Booking: <https://air100.worldticket.net/>

The airport is close to the city center. By car you can get to UCPori in less than 10 minutes. Unfortunately the bus doesn't stop at the airport so you'll have to take a taxi.
